

From left to right: Roefie Hueting, James D. Wolfensohn and Jan Pronk, Dutch Minister (at that time) for Environment Policy, who has handed the first copy of the book: Economic Growth and Valuation of the Environment, to Mr. Wolfensohn, President of the World Bank Group. The book includes the views of leading environmental economists and is centred around the work of Roefie Hueting.

Report on the World Bank Seminar on Economic Growth and Valuation of the Environment A Debate on Sustainable National Income
